INSpeed® NOW Application Procedures and Options

Pre-Application Process

The Pre-App process is a very useful tool to get an early indication of whether the insured may qualify for life insurance and is eligible to apply.

This process can be completed in 3-5 minutes on the agent's mobile device, or 10 minutes with a call to our INSpeed® NOW Call Center.

The proposed insured will be asked for:

- Personal information,
- Height and weight, and
- Signature for disclosures to authorize pharmacy database and MIB checks.

The proposed insured's identity will also be verified. Color indicators (green, yellow, orange, red) are provided when complete, along with a brief explanation and how to proceed.

By Mobile Device

To access Pre-App on a mobile device:

- Enter the INSpeed® NOW Agent Portal
- Go to INSpeedNow.baltlife.com

By INSpeed® NOW Call Center

- Call (855) 467-7669
- Press 1 to complete a Pre-Application

Hours are Eastern Time:

Monday through Thursday 10 a.m. – 9 p.m.
Friday 9 a.m. – 6 p.m.

eApplication Jet Issue Process

The eApp process allows you to write an application on your own mobile or desktop device.

To access eApp on a mobile device:

- Enter the INSpeed® NOW Agent Portal
- Go to INSpeedNow.baltlife.com

Below are tips to help ensure a smooth e-application:

- You must first complete a Pre-app to be able to complete an eApp.
- eApps can be completed on any device assuming you are connected to the Internet. However, desktops, laptops and tablets are preferred over a smartphone.
- Make sure you select the correct Contract State in the Pre-app. You cannot change the contract state in the eApp.

The applicant can sign the disclosures using one of three methods:

1. DocuSign email – As the ideal method, please consider this method first.
2. DocuSign text – Consider the email method second only due to text messages delays or service issues.
3. Sign on the agent's device.
 - A Multi-Factor Authorization (MFA) process is needed to verify the applicant's identity. MFA questions will appear on the agent device. For example, a past phone number belonging to the client will be shown among a number of phone number options.
 - If using the agent device and the MFA questions cannot be answered correctly, you will be able to pivot to email or text DocuSign.

Call Center Jet Issue Process

The Jet-App process allows application using our INSpeed® NOW Call Center.

When a Pre-App is completed, the data pre-fills the Jet-App and the call representative will verify any pre-filled fields for recording purposes. We recommend using the pre-app process.

- Call (855) 467-7669
- Press 2 to complete a Full Application

Hours are Eastern Time:

Monday through Thursday 10 a.m. – 9 p.m.
Friday 9 a.m. – 6 p.m.

The applicant, owner, and premium payor must be present for the INSpeed® NOW application to provide their electronic signature using voice recording. In almost all cases, medical underwriting (including physicals, or physician's statements) will not be used with these policies.

Pre-Qualification of the Applicant is Necessary for a Smooth Transaction

As the agent, be prepared – have all necessary information gathered prior to contacting the Call Center such as social security numbers, beneficiary information, as you will be providing this information.

The Call Center will ask your client the APL question, all health questions, and bank information. Credit card information cannot be taken using the INSpeed® NOW Underwriting process.

You will be given the option to have the policy mailed to the policy owner as part of a question in the Agent Statement section of the application.

Pre-qualifying an Application for the INSpeed® NOW Process

It's imperative that the agent pre-qualifies the applicant before contacting the INSpeed® NOW Call Center.

Pre-qualification includes ensuring:

- the sale is complete,
- the applicant can qualify for aPriority Whole Life based upon the medical questions contained in Option C Questions of paper application Form ICC17-8684, or its state-specific version, and
- all necessary information is gathered beforehand that is required to underwrite and issue the application.

The following information will be needed for the Call Center Representative (CCR) and should be obtained before contacting the Call Center.

1. **Agent Identification Number.** The agent ID number will be validated against the state where the application is being taken. This number must be nine digits and begin with:
 - 015 for Independent Sales agents, and
 - 016 for Career Agency Sales Group agents.
 - For example, 015456789.
2. **Owner and Payor, if other than the insured,** must be present: If there is going to be an owner or payor other than the insured, the owner and/or payor will also need to participate in the application process with the Call Center specifically to capture the electronic voice recording signatures on the application. The agent will only provide the CCR with the owner and/or payor general information as applicable.
3. **Plan applied for, face amount, date of birth, gender, premium mode, and method of initial premium.** The CCR will verify a premium quote to the agent based on the information provided for verification purposes. When using INSpeed® NOW to enroll aPriority Whole Life applications the applicant can select from the following premium EFT modes: monthly, semi-annual, and annual. The initial and future premiums will be paid using EFT.
4. **Pennsylvania and Maine State Disclosure Statements:**
 - In Pennsylvania only, *Pennsylvania Disclosure Statement, Form 1589* is required.
 - In Maine only, *Statement of Policy Cost, Form 7060* is required.

As applicable to PA or ME, a paper copy of these forms must be reviewed and signed by the client prior to calling the Call Center. The client should retain a copy. The CCR will verify with the agent and client if this form was completed. The agent must submit the completed form via securesubmit.baltnlife.com.

6. **Client data provided by the agent:** The agent will provide the CCR with additional application data on the applicant including: name, mailing address, phone number(s), date of birth, state or county of birth, social security number, height and weight, occupation, e-mail address (required for disclosures), primary and secondary beneficiaries and their relationship to the insured.
7. **Data provided by the applicant:** The applicant will be required to provide the CCR with answers to the following application questions; Automatic Premium Loan option, medical questions, and the replacement section (including completion of the NAIC Disclosure Statement, Form 7296 NAIC, if required), bank information that includes bank name, address, routing number, and draft day.

INSpeed® NOW allows a high percentage of applications to be instantly approved for issue. Once approved, a policy number will be assigned and communicated to the agent and client by the CCR. An initial EFT premium is required to place the coverage in-force at point-of-sale and will be processed the next business day. If the initial EFT premium is requested on a future date, the coverage will go in force on that date.

In the event an application cannot be given a final decision at point-of-sale, a notice will be provided to the agent and client that further underwriting review is required. A policy number is still assigned at the Call Center and communicated to the agent. The electronic application is automatically forwarded to an underwriter for review and follow up within 48 business hours. An initial premium will still be required when an application is sent for underwriting review if the client has chosen an immediate draft.

The Call Center may also provide the underwriting decision that we are unable to offer coverage at this time. The Call Center will not be able to provide specific detail as to why coverage cannot be offered.

Coaching the Applicant

It is acceptable to assist the applicant during the INSpeed® NOW process. However, no agent is authorized to coach an applicant regarding the health, replacement or the tax withholding questions.

Electronic Signature and Recording of All Calls

INSpeed® NOW can use an electronic signature to complete the application process and provide the necessary authorization allowing Baltimore Life to underwrite and issue a policy. The entire process will be recorded by the Call Center for quality and authentication purposes.

At the onset of the call, both the agent and the client are made aware that the call is being recorded and that the client's expressed consent must be obtained in order to proceed with the call. The client will be asked at the end of the application process for their verbal consent related to all final disclosure questions. This verbal consent will serve as the client's electronic signature. This same process would be used with an owner or payor (if other than the insured).

If the client (or the owner and payor if other than the insured) decides that they are not comfortable with the call being recorded or with their signature being accepted electronically by voice recording, INSpeed® NOW should not be used. If the client changes their mind during the beginning of the call, the enrollment process will be discontinued by the Call Center. At that point, the agent will be required to submit a traditional paper application.

Policy Issue and Delivery

When an application is approved and placed in force utilizing INSpeed® NOW, the policy will be issued and mailed to the agent within 48 hours. If so desired, the policy can be mailed directly to the policyowner. If there are any outstanding requirements, the issue process will be delayed until they are received in the home office.

Other Requirements For Submission

If there is a replacement of an existing in force policy issued by Baltimore Life or any other company in the states of Arkansas, Florida, or Pennsylvania, the agent and client must complete a paper version of the applicable state replacement form and submit it with the application through securesubmit.baltlife.com.

To log in, use the same credentials you use to access Baltimore Life's secure Agent Portal.
