

External Term Exchange Program

Offer your clients the opportunity to switch from term coverage to permanent insurance through Lafayette Life's **External Term Exchange Program**. This program may be the solution for clients whose term policies are becoming expensive or nearing the end of their level premium period.

Program Highlights

- Face amount \$100,000–\$1,000,000.
- Issue ages 18–65.
- Term policy rated standard or better and issued between six and 60 months of application date.
- Existing term policy in its contractual convertible period.
- Preferred or standard existing policy issued within the last five years.
- Exchange to any permanent Lafayette Life plan.

Application Requirements

- Complete, signed state-specific life application package, including health questionnaire.
- State-specific replacement forms.
- Signed sales illustration.
- The existing term policy or full duplicate policy, including a copy of the application, must accompany the new application with a completed Form 1299 (Transfer of Ownership); originating carrier may require use of their form.

Program Guidelines

- The full amount or a lesser amount may be exchanged; no increases will be considered.
- Partial term exchanges will not be considered.
- Not available for applicants residing in New York.
- Policies issued on a simplified basis, guaranteed issue or as part of any special underwriting or table shave program are not eligible.

- Term policy currently on disability waiver not eligible.
- Term riders on permanent policies are not eligible.
- Modified permanent plans with term "features" will not be considered.
- Policies that are currently collaterally assigned will not be considered.
- Supplemental benefits and riders are not subject to exchange.
- Any policy issued "Standard" with a table rating or flat extra or exclusion rider will not be considered.
- Insured must be U.S. citizen or green card holder.

Issuing the New Lafayette Life Policy

- An MIB report, pharmacy check and MVR will be ordered. Any recent activity could nullify the program and require full underwriting.
- The new policy must have the same owner and insured as the existing term policy.
- The Lafayette Life policy will be issued according to the rate class of the term policy. The only Lafayette Life classes available are standard and preferred. The super preferred class is not available for exchange.
- If the insured has applied to Lafayette Life for insurance, the Lafayette Life underwriting will be used rather than the term policy.
- The maximum is \$1,000,000 total for all Lafayette Life policies applied for and in force, but in no case exceeding the existing term policy face amount.
- The new policy will not be eligible for any conversion credit.
