

# ManhattanLife Lighthouse Series **OmniFlex™** Short-Term Care

*Welcome to the Future of Short-Term Care*

This is a Short Term Facility Care Insurance Policy  
Underwritten by: ManhattanLife Insurance and Annuity Company  
and Standard Life and Casualty Insurance Company

OmniFlex™ is transforming the Short-Term Care insurance (STCi) industry with its simplified underwriting, affordability, and unparalleled flexibility.

For over 170 years, ManhattanLife has consistently stood by our clients with extensive, yet easy to understand product offerings.

Pictured: ManhattanLife Building on Broadway in the Financial District of Manhattan, New York City. Built in 1894, it was one of the first skyscrapers in New York<sup>1</sup>

With the cost of Long-Term Care insurance (LTCi) services continuing to rise and health eligibility requirements making it more difficult to qualify, ManhattanLife has developed **OmniFlex™** Short-Term Care insurance (STCi) to address the growing need for coverage with an affordable solution.

Rising prices have impacted a vast majority of industries, and the health care industry is no exception. For a semi-private Nursing Home room one can expect to pay an average of \$260 per night<sup>1</sup>. Private rooms are even higher averaging \$297 per night<sup>1</sup>. These figures are expected to continue on an upward trajectory for the foreseeable future.

## Cost of Care<sup>2</sup>

## Did You Know:

Almost **40% of those aged 66-69**, and a staggering **47.2% of those over 70 are declined** for traditional Long-Term Care Insurance.<sup>3</sup>

**About 3 of every 5 personal bankruptcies** in the United States are a direct result of overwhelming medical expenses — and 78% of these people had traditional health insurance.<sup>4</sup>

# Claim Example: Anthony

Anthony's goal was to age in place in the home he and his spouse\* of 40 years loved. Planning ahead to accomplish his goal, he purchased an **OmniFlex™** STC plan that included a \$280 base Daily Benefit, a 360-Day Home Health Care Rider and 5% Simple Inflation benefit. He especially liked the built-in **Fast-50™** benefit that pays first-day cash – even for help from a spouse\*, family or friends.

Anthony owned his **OmniFlex™** plan for 10 years before his health changed and he needed assistance.

Due to the Inflation Benefit, his Daily Benefit had grown to \$350, and he was pleased to learn his **Fast-50™** HHC Benefit would pay \$175 per day.

Despite his challenges, his spouse\*, Sandy, provided informal care at home. So at claim time, Anthony chose to collect his \$175/day **Fast-50™** HHC benefits, which began immediately and could be used in any way the family needed.

After 6 months, Anthony recovered and regained his independence.

His policy had paid a total of \$31,500 in **Fast-50™** HHC benefits.

**OmniFlex™** allowed Anthony to recover in his own home, with care provided by a caregiver of his own choice. He still had 6 months remaining in his Benefit Period, should his need for care return in the coming weeks and months. Better yet, if fully recovered, he had peace of mind knowing his **OmniFlex™** plan automatically included Restoration of Benefits.

## The Power of the **Fast-50™**

**Fast-50™** is a unique, built-in feature of **OmniFlex™** Short-Term Care plans. This benefit pairs with the Facility Care Benefit and/or Home Health Care Benefit, if selected, and allows you to receive 50% of your Daily Benefit, *without first satisfying your elimination period*.

Anthony's story above is not unique. Many individuals want to remain in their home for as long as possible. And when the need for care arises, they turn to a spouse\*/partner, family member or trusted friend for help. The first-day cash from **Fast-50™** can provide the perfect solution.

# Claim Example: Julie

Julie recognized the importance of planning ahead. As a widow with fixed income and assets, she could be at great financial risk if she needed care. Her goal was to have a plan that provided coverage for in-home care, as well as care in an Assisted Living Facility or Nursing Home.

At 76, she was concerned about securing an insurance policy that would provide benefits for facility and home health care. Julie learned of [OmniFlex™](#) and was able to purchase a plan with a \$200 Daily Benefit for both facility and home care. Five years later at age 81, Julie needed assistance with daily living. She was pleased that her [OmniFlex™](#) plan would pay \$200 per day and was able to remain at home, as the home health care benefit was included in her policy.
