

Underwriting your permanent business at full throttle

Accelerated Underwriting Program

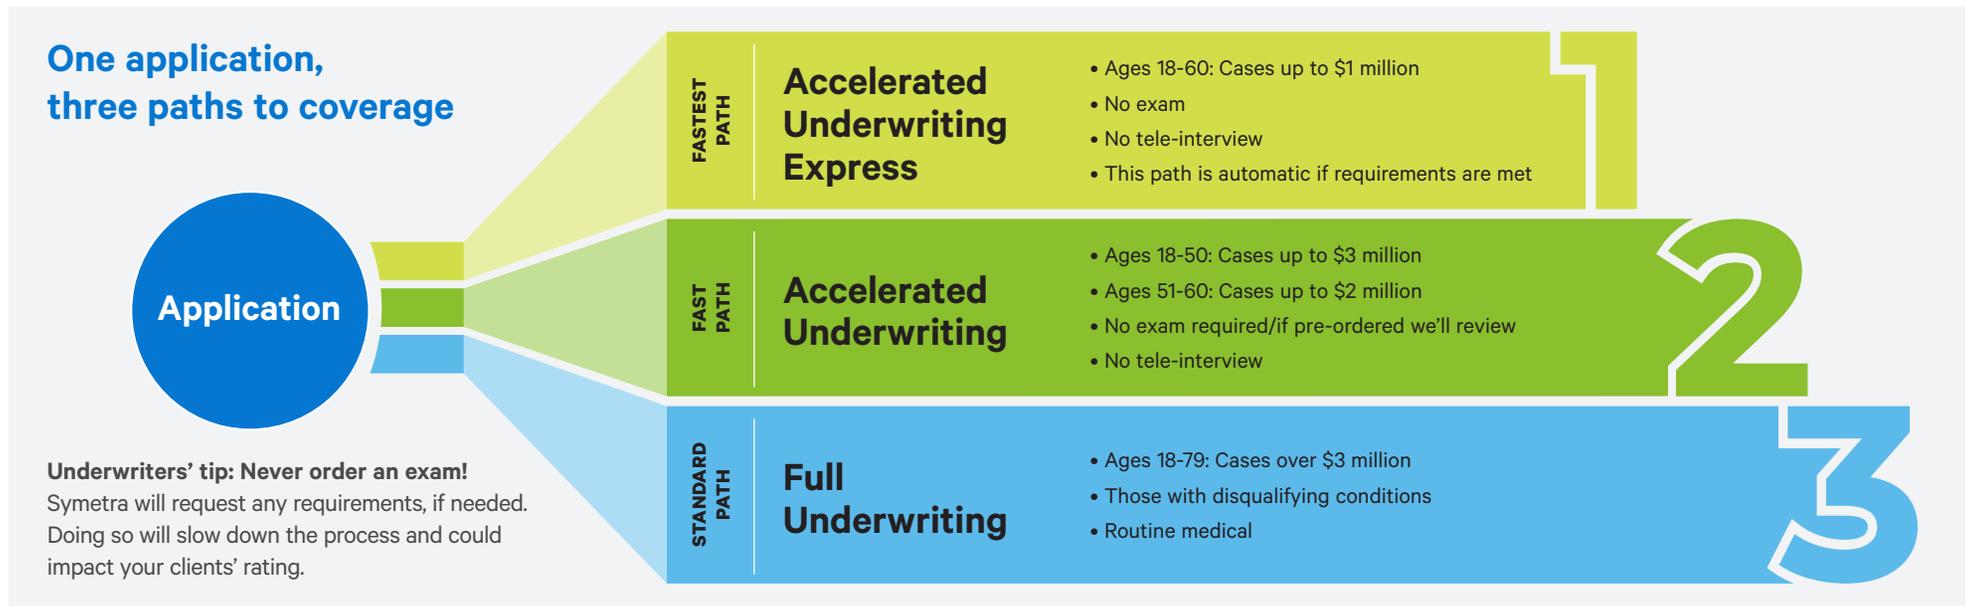

Our Accelerated Underwriting Program is designed to offer clients a Symetra permanent life insurance policy without completing an exam or submitting an APS. Fly through our new express route for coverage up to \$1 million.

How it works

- Clients ages 18-50 can get coverage up to \$3 million; Clients ages 51-60 can get coverage up to \$2 million.
- You will only need to submit completed Part I and II applications and a HIPAA consent form. Electronic submissions preferred.
- Symetra will run an MIB, Rx, Dx and MVR, and if the info yields a Standard rate class or better, an offer will be made.
- If cases submitted through this program don't receive a Standard or better offer, we will reach out and attempt to fully underwrite the case.

Three potential paths to coverage

- 1 Accelerated Underwriting Express:** Clients ages 18-60 with face amounts up to \$1 million will automatically travel through our fastest path! *No exam can be submitted/pre-ordered to travel this path.*
- 2 Accelerated Underwriting:** Light underwriting may be needed for face amounts between \$1 million and \$3 million. If an exam was pre-ordered, it must be reviewed.
- 3 Full Underwriting:** A medical examination is needed. We may also request medical records or other information. Includes those with disqualifying conditions (see next page).
